

## MAKE AN INVENTORY

A follow up activity to help students recognise how many products they already own.

**Age:** 11-18

**Group size:** Home work/ class discussion

**National Curriculum:** Citizenship

### Activity:

- 1 **Print of the activity sheet** Make an Inventory (**attached**)
- 2 Work through the sheet
- 3 Discuss findings

## Worksheet: Make an Inventory

The WEEE man is made up of the same amount of electronic stuff that YOU will use and throw away from the day you are born until the day you die.

How much do you think you've thrown away already?

1. Make a list of all the new gadgets you have had in the last year:

2. List all the electrical and electronic products that you own:

3. Look on the website to see how many products other people own – you might be surprised!
